

Otvorite Settings i odaberite Apps (Applications, Application manager, ...)

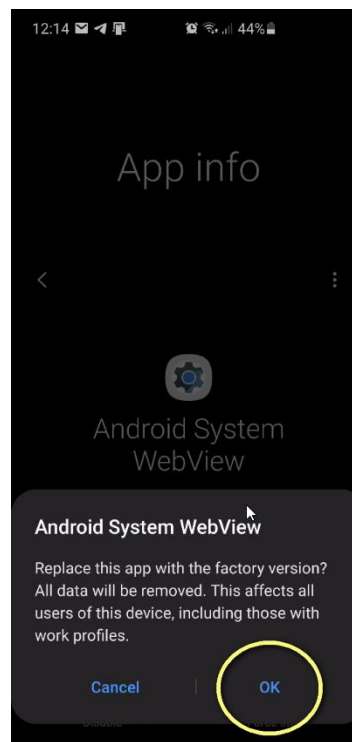

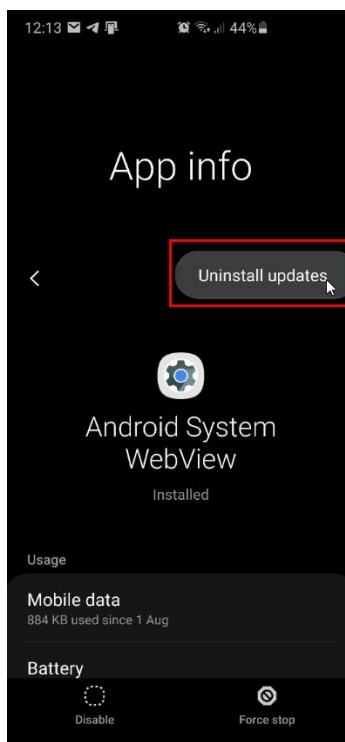

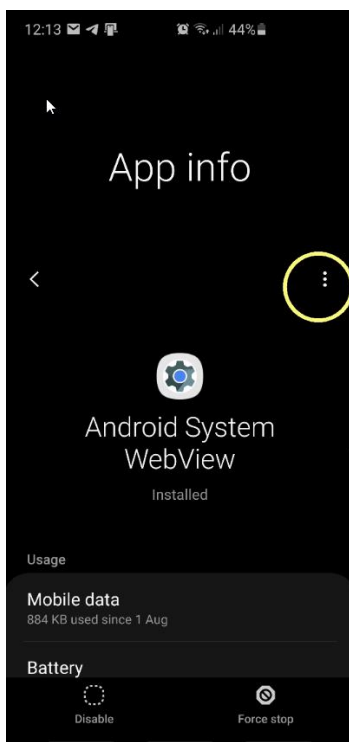

Pronađite Android System Webview: ili je odmah izlistan ili morate uključiti prikaz sistemskih aplikacija.

Provjerite verziju

Ako verzija nije 80 i veća, napravite sljedeće:

Nakon toga se kroz Google Play trgovinu treba napraviti update **Android System Webview** aplikacije.

Može se pronaći kroz pretraživač (unutar Google play trgovine) i kliknuti Update/Ažuriraj
